CONTRACT NUMBER  
PART I - THE SCHEDULE  
SECTION B - SUPPLIES OR SERVICES AND PRICES/COSTS

**B.7 CONTRACT MINIMUMS AND MAXIMUMS**

- (a) Minimum - The Government shall order services, during the base period of the contract ending May 31, 2001, in the minimum total amount of \$125,000 as a result of the number of Principal Task Areas awarded to the Contractor. This amount is inclusive of fixed fee or profit depending on the type of Task Order issued; however, the Contractor shall not incur any costs until an order is received.
- (b) Maximum - The maximum cumulative dollar amount that may be ordered from the Contractor is the sum of the total Cost-Plus-Fixed-Fee amounts of each contract period, contained in Sections B.2 through B.6.
- (c) Tasking during the initial contract term and throughout the contract option periods is accomplished through the issuance of Task Orders. At the Government's discretion, the dollar amounts in Sections B.2 through B.6 may be unilaterally adjusted by the Contracting Officer, upward or downward, for the purpose of redistributing the contract maximum amount provided such adjustment does not exceed the contract maximum. The same ratio of fee awarded in the initial contract award will be used in any unilateral adjustments made.
